

Aloha Ability Bulletin

May 20, 2024

Welcome to Our New Bulletin!

ATRC is ushering in a new chapter and we want to keep you updated on the innovations and developments that are coming. We are welcoming new staff, expanding our lending library, and getting out to engage with communities across the islands.

What is ATRC?

Every US State and Territory has an AT Act designated organization to help increase awareness of assistive technology, access to assistive technology, and acquisition of assistive technology. ATRC is Hawaii's Designated Organization and operates throughout the state.

ATRC and all other State AT Act Organizations have eight main activities: Information and Assistance, Device Lending, Device Demonstration, Device Reuse, State Financing, Training, Technical Assistance, and Public Awareness. Please see the flow chart created by the Association of Assistive Technology Act Projects to demonstrate how someone might move through the AT Services of ATRC.

Please call or email us to start the process!

ASSISTIVE TECHNOLOGY (AT) SERVICES FLOW

How do you access information about and acquire assistive technology devices for yourself, family members, or clients to enhance life, work, and play?

Access

Information & Assistance

Contact your State Assistive Technology Program for more information on AT devices and usage.

Device Demonstration

AT professionals will demonstrate different devices according to your particular needs.

Device Loan

You can borrow devices to try at home, school, work, or play.

Reutilization

Acquisition

You can acquire the desired device. Some gently used devices may be acquired at little or no cost.

State Financing

Other financing options are also available. Contact your state AT program to learn about all your options.
