

Aloha Ability Tech Update

May 28, 2024

We are expanding our Lending Library. Check out something new today!

ATRC is working on expanding our AT Device Lending Library. We have devices in the areas of Daily Living, Speech Communication, Environmental Adaptations, Vision, Hearing, Learning, Cognition and Development, Computers and Related, Mobility, Seating and Positioning, Vehicle Modifications, and Recreational, Sports, and Leisure.

We are sending out a series of newsletters highlighting some of the new tech that we have acquired. Stay tuned for some incredible ideas for improving lives through assistive technology!

Please call or email us to start the process!

Today's Daily Living Highlight

ATRC has recently expanded the inventory of devices for Daily Living in our Loan Library. Today we are going to focus on a variety of devices to assist you in opening jars and containers.

Automatic Jar Opener

This jar opener is battery operated and has one button for the user to push. The arms grip the jar and the lid and the inner mechanism turns, opening even the toughest factory sealed jars. Wonderful for anyone that needs help opening jars for any reason! Click on the link to see the opener in action! [Jar Opener Video](#)

Mountable or Hand Held Jar Opener

**The Second Way To Use
- Easy To Open**

Mount beneath your cabinet.
Use provided screws to fasten.

This jar opener can be used in hand or mounted on a cabinet. It has gripping edges to hold the lid and you either rotate the handle, or you rotate the jar, depending on whether you are using it in hand or mounted to the cabinet.

Stabilizing Jar Opener

This jar opener has multiple openings of different sizes to assist the user in opening a variety of items from one to four inches in diameter. Can be used one handed, as the holder grips the jar and allows the user to operate the lid with one hand.
